legislation contains a line item clause exempting police officers working with security companies from registration and training as security employees under the Georgia Board of Private Detective and Security Agencies regulated by the Secretary of State, Professional Licensing Boards Division.

After much discussion, the Board's position with respect to police officers working as security employees, is that police officers in their current position are highly trained and P.O.S.T certified and feels that exemption from any additional training required to become a security employee would be justifiable, however any police officer working as a security employee for a licensed security company, and/or working independently as a freelance security agent should be required to register with the Secretary of State, Professional Licensing Board Division.

Tripp Mitchell moved, Glade Johnson seconded, and the motion was carried unanimously to have the Board offer guidance to police officers attempting to amend the bill in light of the Board's position, in an effort to avoid government subsidized competition.

Glade Johnson was elected Chairman of the Board for 2011.

The next meeting of the Board will be April 21, 2011 at 9:00 a.m. at 237 Coliseum Drive, Macon, GA.
